After 20 years of hibernation, former pool champion "Fast" Eddie Felson is playing exhibition matches with former rival Minnesota Fats in shopping malls for prizes like cable television. With one failed marriage and years of running a pool hall, Eddie is now ready to regain the skills needed to compete in a world of pool that has changed dramatically since he left it behind. The real challenge comes when Eddie realizes that in order to compete successfully, he must hone his skills in the game of nine-ball as opposed to the straight pool that had once won him fame. With a new generation of competitors, fear and doubt and the daily possibility of failure arise, giving Fast Eddie a new challenge to overcome. The Color of Money is the source of the 1986 film starring Paul Newman in the role he had originated in The Hustler.
