The Gift of Cancer: A Miraculous Journey to Healing Brenda Michaels, Marsha Mercant

For fourteen years, Brenda Michaels battled cancer. Then one day she surrendered to the experience and found the gift in her disease. *The Gift of Cancer: A Miraculous Journey to Healing* speaks to anyone on a journey of wellbeing, whether suffering from a life-threatening disease or merely desiring to live a better, more fulfilling life.

After Brenda's third cancer diagnosis and being told she had a year to live, she boldly stepped away from the accepted medical model, said "no" to chemotherapy, and chose alternative treatment. This unorthodox path, the connection of mind, body, and spirit, which many experts now believe is the key to true healing, ultimately saved Brenda's life and put her in control of her own destiny. Her story reveals the immense healing power available within each of us.

With each obstacle Brenda encounters, we see the indefatigable courage and fortitude she demonstrates in facing her demons both inside and out. Michaels' uplifting memoir encourages us to listen to our inner voice, trust our intuition, and look at the true source of healing. When we are willing to look deep within and take responsibility for our choices, we have the power to alter the course of our lives in miraculous and unexpected ways.
