Leftovers (The Left Series Book 1) Christian Fletcher

“You know those times in your life when you think it can’t get any worse...and then does? Stuck in a dead end job you hate, dumped by your girlfriend and hanging around with a bunch of losers? I wanted to change my life but didn’t realize how quickly the ground shifted without me lifting a finger. The mutating flu virus took hold of the world so quickly that not even the best medical people could predict the scale of the deadly epidemic. I was stuck in the middle of the chaos, trying to reach the relative safe haven of a yacht in Battery Park Harbor, New York, with a former hit man, a junior doctor, two Goth girls and a minor criminal for company. Thousands of vicious, animated corpses stood between us and our route to safety.”

Brett Wilde is a small town pessimist, wishing his life away in a dead end job in Pennsylvania, USA. He awakes one morning late for work and receives a phone call from a friend informing him the world has been gripped by an unknown, deadly virus. Wilde embarks on a journey with the help of a former hit man, two Goth girls and a minor criminal, trying to reach a yacht, occupied by his father in New York Harbor. The journey takes them on the hazardous route from Brynston, Pennsylvania, along the Interstate - 78 through New Jersey on to New York City.

Will Wilde and his party reach their destination unscathed?
