**Plato 's Metaphysics of Education (RLE: Plato) (Routledge Library Editions: Plato)** Samuel Scolnicov

This volume provides a comprehensive, learned and lively presentation of the whole range of Plato's thought but with a particular emphasis upon how Plato developed his metaphysics with a view to supporting his deepest educational convictions. The author explores the relation of Plato's metaphysics to the epistemological, ethical and political aspects of Plato's theory of education and shows how Plato's basic positions bear directly on the most fundamental questions faced by contemporary education.
