## **The Autobiography and Other Writings (Signet Classics) Benjamin Franklin**

One of the Founding Fathers of the United States of America, Benjamin Franklin was a true Renaissance man: writer, publisher, scientist, inventor, diplomat, and politician. During his long life, he offered advice on attaining wealth, organized public institutions, contributed to the birth of a nation, and negotiated with foreign powers to ensure his country's survival.

Through the words of the elder statesman himself, *The Autobiography and Other Writings* presents a remarkable insight into the man and his accomplishments. Additional writings from Benjamin Franklin's wife and son provide a more intimate portrait of the husband and father who became a legend in his own time.
