**Fall (Cold Mark) (Volume 1) Scarlett Dawn**

**A savagely wicked new adult sci-fi serial blasts off with Fall, the first installment in The Cold Mark Saga...**

Only one thousand Humans survived The Travel from the shattered Earth. Some Humans say it was their penance for crushing such beauty. Eighteen-year-old Braita merely thought it was pathetic - pathetic that her people had been that blind.

Now, the Humans live in the solar system, Kline, where three planets are habitable. Joyal, the smallest planet, is embraced by the Humans - their family to love as they had never loved Earth. Though a planet covered mainly in water is dangerous real estate to dwell upon.

Their worry turns into devastating reality when Braita's blessed village is struck by a tsunami. Population numbers must be kept to a minimum. Drastic measures must be taken. Braita's life is twisted in brutality when she is chosen as one of the three hundred Humans to be removed from Joyal...and sent to the Mian, the aliens to fear, on the planet Triaz.

Thrown head first into a barbaric world she knows nothing of, Braita must adapt to a dark life as a slave of the Mian society. Her existence depends on it...*and possibly, the fall of her heart.*
