The Routledge Companion to Philosophy of Religion, Second edition is an indispensable guide and reference source to the major themes, movements, debates and topics in philosophy of religion. Considerably expanded for the second edition, over seventy entries from a team of renowned international contributors are organized into nine clear parts:

- philosophical issues in world religions

- recent topics in philosophy of religion.

Covering key world religions including Hinduism, Buddhism and Islam, and key figures such as Augustine, Aquinas and Kierkegaard, the Companion explores the central topics in theism such as the ontological, cosmological and teleological arguments for God's existence. Three final parts consider Catholicism, Protestantism, Eastern orthodoxy and current debates including phenomenology, reformed epistemology, religious experience, and religion and science, making the *Companion* as a whole essential reading for students of philosophy or religion, and suitable for anyone coming to the subject for the first time.

This second edition includes new chapters on Blaise Pascal, Baruch Spinoza, Interreligious Dialogue, Death and the Afterlife, Incorporeality, Religion and Global Ethics, New Religious Movements, Religion and the Environment, and Religion and Film.
