## **Civil War, The: The Story of the War with Maps** M. David Detweiler

"For readers addicted to histories or novels about the Civil War, a common challenge is the lack of adequate maps. This excellent volume satisfies that need, once and for all: It's the clearest, fullest collection of strategic and tactical maps available, a fine volume on its own and an indispensable aid to understanding many another book. Few works truly are 'must-haves' for a Civil War collection, but this one's essential." -- Ralph Peters, author of *Cain at Gettysburg* and *Hell or Richmond*

*The Civil War: The Story of the War with Maps* combines the colorful, detailed maps of an atlas with the vivid storytelling of the best narratives to piece together the nation-spanning jigsaw puzzle of the American Civil War. See the conflict develop from a few small armies into total war engulfing the whole South.

Captures all the war's intensity and human drama, its epic sweep from Sumter to Appomattox. The result is a unique book that educates, enlightens, and entertains. An ideal introduction for newcomers, refresher for buffs, and companion to other books during the war's 150th anniversary and beyond.
