Alfred Music Publishing is the world's largest educational music publisher. Alfred produces educational, reference, pop, and performance materials for teachers, students, professionals, and hobbyists spanning every musical instrument, style, and difficulty level.

Written in honor of the mother of the arranger's wife and her musician children, each solo voice represents the chosen instrument of each individual. Woven together into an astonishingly moving, emotion-filled scoring, this piece uses the many colors, shadings, and dynamic levels of your orchestra very effectively. This is a work of major importance. (4:30)
