The Secrets I Share with My Friends: Everything I Know About Building a Small Business Nadine J Larder

The Secrets I Share With my Friends...Everything I Know About Building A Small Business is a book written for every entrepreneurial spirit out there looking for direction on how to build up a small business. It's for people who are getting started and those who are just thinking about getting started. If you're one of these people, I wrote this book for you, because I know I can help!

I wrote this book to spare you from having to learn valuable business lessons by enduring struggles and attending the school-of-hard-knocks, as I was forced to do. You will learn everything I have learned from these experiences, without all the pain. I'm sharing my failures, my insights, my secrets and everything in between--even some of my most embarrassing stories. This book is a memoir about what it takes to turn your passions to profits.

The book will inspire you to live your dreams and do what you're meant to be doing. Learn how to take what speaks to you and makes your soul feel alive, and grow a business from the seedling of an idea or passion that nags at you.

I've included my secrets for how to market your business, what you need to do and how to do it. You'll get some great ideas on how to hire people and how to delegate to them once you hire them. I present my own stories about finances and financial struggles along with strong suggestions on how to keep yourself from the same fate. I also help you organize and set up some structure in your business by sharing what I've learned over the years. The book includes everything you need to know about your small business, from starting it, to growing it, to maintaining it, and, finally, to having an exit strategy so you can retire from it.

This book is a collection of 20 years of wisdom from a small-business owner who has tried and failed and tried and succeeded. It's a fun read filled with personality and lessons every business owner needs to know and learn to find success.
