A New Way of Loving: How One Couple's Spiritual Discovery Ignites a Village in Ireland Ami DeJong

"A New Way of Loving is a riveting, metaphysical novel about women and men in relationships."

It takes place in a small village on the west coast of Ireland where Frank and Lucy O'Connor spontaneously learn how to **bond more deeply with one another** and heighten their sense of well being.

What makes this accessible is that the characters are ordinary working people. It's a fantastic and yet very believable story. Their discovery comes about quite accidentally and is found through Frank and Lucy's deep love for each other.

They had come together years before, not just as a man and a woman, but **as allies in the healing process**. The story begins with them having **set themselves free and heal from their early life wounds** and they go a step further. Through their process, they become innocent again, but not naive, just innocent. Wisdom and maturity accompany their recovery of innocence.

They become a source of inspiration for many of their friends and neighbors and the unravelling process begins to happen for some of them too. **It's a perilous journey for many, but it's one very few of the villagers can resist taking**, for they have grown weary of living safe, comfortable lives and they see how genuinely happy Frank and Lucy are. **Understanding that the same possibility exists for them too, they're inspired to become free of the past, at any cost.**

Frank and Lucy quickly realize that they have rediscovered a *secret treasure chest* lost long ago in the deep waters of the collective unconscious. The best thing about their find is that there's enough of this treasure to go around for everyone to lead a rich life... **a very rich life indeed.**
