Chanel Jewelry (Universe of Design) Francois Baudot

One of the most visible personalities of her era, Gabrielle Chanel invented a style that was synonymous with modernity and chic. What is perhaps less well known is that the grande dame of twentieth-century fashion used platinum and diamonds to create an exceptional collection of the finest jewelry. This daring experiment is currently a new source of inspiration for Chanel, which through its fine jewelry department in the Place Vendôme in Paris, is once again demonstrating the art of creating and wearing exceptional jewelry. The adventure is both classic and contemporary and perpetuates one of the greatest names of the century.
