Waffen SS: The encyclopedia Marc J Rikmenspoel

World War II spawned some of the most famous - and infamous - fighting organizations the world has ever known. None was more feared by its battlefield foes or more hated by political enemies of the Nazi regime than the Waffen-SS. Six decades after the last SS unit capitulated or was annihilated, the facts about many aspects of this organization are still shrouded in legend and half-truth. Loathed by many as a criminal organization, yet admired by some for the esprit, resolve, and valor of its component units and individuals, the Waffen-SS was unarguably a highly-complex, multi-faceted phenomenon, unique among the military organizations of the world. Marc Rikmenspoel, author of *Soldiers of the Waffen-SS: Many Nations, One Motto*, has crafted the ultimate reference for those trying to understand the intensely controversial and complicated nature of the Waffen-SS. A comprehensive overview that will be useful to historians, buffs, wargamers, and re-enactors alike, no matter what your predisposition to the Waffen-SS, you will learn a great deal from this book. The book includes a concise history of every one of the major fighting formations of the Waffen-SS (those designated as "divisions"). Sections include: * Formations * Structure of Divisions * Germans * Germanics * Non-Germans and Non-Germanics * Leading Personalities * Weapons * Misconceptions and Controversies * Weapons Tables
