The Case of the Missing Steak Bone/Who Let the Dogs Out? (The Adventures of the Poodle Posse Book 1) Chrysa Smith

True events led to the first story in the series: A comedy of errors has the posse chasing their own tales as they search for the missing bone. Upstairs, downstairs, in my lady's chamber? You never know where you might find a bone and a little brotherly love along the way. Who Let the Dogs Out, The second tale in the book, twists a few real life events into one doggone good adventure that supports the benefits of animal rescue—to both their owners and maybe, well maybe, grudgingly them as well. A new sister in the midst? It might shake things up just a bit.
