Grave Hand (The Yorkshire Dales Mysteries Book 3) Susan Parry

When a dismembered hand is unearthed from peat in snow covered moorland near the Ribbleshead viaduct, Millie Sanderson is called in to help with the archeological investigation. But is the hand really as old as it appears?

Some believe it belongs to a lad who disappeared from a farm in the recent past. There are more questions than answers and the police forensics team is called in. Then there are two apparently unrelated murders.

Is a third person going to die before the truth about what happened on the moor is revealed?
