## Sexy Blake

This book lays bare the sexy Blake lately obscured in fogs of political correctness and post-feminism. Its contributors uncover, in fact, numerous sexy Blakes, arguing for both chastity and pornography, violence and domination as well as desire and redemption, and also journeying in the realms of conceptual sex and conceptual art. Fierce tussles over the body in, and the body of, Blake's work are the book's life-blood. Contributors differ passionately in their conclusions about the nature of Blake's sexiness. All acknowledge Christopher Hobson's revelation of Blake's insistent tendency to normalize perversity – some with relish, some with alarm. We celebrate the mysteries of Blakean attractions and repulsions, and hope this volume will re-animate the lively sexual debates which once characterized Blake Studies.
