In Dark Coup, the third and final book in the Dark Grid trilogy, spring finds the residents of Promised Land and Redemption hard at the work of survival and recovery. However, looming dangers to life and liberty remain--and not all of them come from outside of the community.

As the Colonel's attacks on neighboring bases increase in both number and ferocity, the rebels uncover the startling, almost unbelievable, truth about a corrupt and shadowy cabal linked by greed and lust for power, and their dangerous conspiracy to fulfill a lethal agenda that originated years ago.

With diminishing resources and an unequal fighting force, can the rebels recapture America for those who value freedom, self-determination, and God-given rights, over exploitation and suppression?
