We have been blessed to be a blessing to others. But how can we be a blessing to others when we ourselves depend on others for standing? I truly believe that "We The People" put too much trust and reliance in everything from our government, our educational system, our health care system, our churches, other people and even our grocery stores. These systems are to be a help to us, not our crutch. We are uniquely made. No two of us are the same. We think differently, have different needs, wants and passions. Who better than our own self should bear the responsibility for this life we live? Sharpen your skill sets. Build up your pantry, grow your own groceries, save seeds, learn to protect yourself and mentor others.
