Adam Smith a Ojos de Nuevos Mundos (Spanish Edition) Olivier T. Godichet

Se conoce Adam Smith como padre de la economía clásica, por la Riqueza de las Naciones menos por la Teoría de los Sentimientos Morales cuando formando ambas un conjunto inseparable para entender ese humanista del Siglo de las Luces Escocés proponiendo a todos dedicarse pacíficos e individualmente a una producción esencial para atender las escases de consumo de todos, mediante división del trabajo e interesando los detentores de recursos para invertir en esas producciones directamente y no a través de manipulaciones de monopolio o sosteniendo una economía mercantilista que hacía muy poco caso de las vidas de la gente, especialmente de los humildes. Proyecto sesgado por los capitalistas despiadados y hasta ciertos neoliberales políticos exagerando las desigualdades. Proyecto implícito fallido pero no por falta de humanismo, es necesario redescubrirlo y conocer algo del desarrollo industrial especial de Escocia
