## **Prioritizing Web Usability** Jakob Nielsen, Hoa Loranger

In 2000, **Jakob Nielsen**, the world's leading expert on Web usability, published a book that changed how people think about the Web—*Designing Web Usability* (New Riders). Many applauded. A few jeered. But everyone listened. The best-selling usability guru is back and has revisited his classic guide, joined forces with Web usability consultant **Hoa Loranger**, and created an updated companion book that covers the essential changes to the Web and usability today. *Prioritizing Web Usability* is the guide for anyone who wants to take their Web site(s) to next level and make usability a priority! Through the authors' wisdom, experience, and hundreds of real-world user tests and contemporary Web site critiques, you'll learn about site design, user experience and usability testing, navigation and search capabilities, old guidelines and prioritizing usability issues, page design and layout, content design, and more!

### From reader reviews:

#### **John Tillery:**

What do you concerning book? It is not important along with you? Or just adding material if you want something to explain what your own problem? How about your time? Or are you busy individual? If you don't have spare time to do others business, it is make you feel bored faster. And you have time? What did you do? Every person has many questions above. They must answer that question simply because just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is correct. Because start from on jardín de infancia until university need this particular Prioritizing Web Usability to read.

#### **Frances Lockhart:**

Spent a free time for you to be fun activity to do! A lot of people spent their free time with their family, or their very own friends. Usually they doing activity like watching television, planning to beach, or picnic within the park. They actually doing same task every week. Do you feel it? Will you something different to fill your free time/ holiday? Could possibly be reading a book could be option to fill your free of charge time/ holiday. The first thing that you will ask may be what kinds of guide that you should read. If you want to test look for book, may be the e-book untitled Prioritizing Web Usability can be very good book to read. May be it can be best activity to you.

#### **Peggy Elmore:**

Exactly why? Because this Prioritizing Web Usability is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will distress you with the secret the item inside. Reading this book beside it was fantastic author who else write the book in such remarkable way makes the content inside easier to understand, entertaining means but still convey the meaning fully. So , it is good for you for not hesitating having this any longer or you going to regret it. This book will give you a lot of rewards than the other book have got such as help improving your skill and your critical thinking method. So , still want to delay having that book? If I were being you I will go to the reserve store hurriedly.

#### **David Wysocki:**

Are you kind of hectic person, only have 10 or even 15 minute in your day time to upgrading your mind skill or thinking skill possibly analytical thinking? Then you have problem with the book when compared with can satisfy your short period of time to read it because this time you only find guide that need more time to be learn. Prioritizing Web Usability can be your answer since it can be read by an individual who have those short spare time problems.
