A Guide To The Future As Flaky As It Gets Dov Ivry

Lucian of Samosata, who lived in the second century CE, a satirist, mocked everyone, gods and mortals alike. But in his rare moments of seriousness, he stated that there is one man that should not be mocked, rather admired and his teachings studied. That was Epicurus. The Epicureans had all the right answers to most of the major questions that confront humanity, politics aside. The Sadducees had all the right answers to most of the major questions confronting Israel. In their country the Sadducees were called, correctly, Epicureans. I know that the Sadducees got a bad rap because after winning the bloody six-year Sadducee-Pharisee Civil War, which cost 50,000 lives, at their gala Felini style victory party, amid the wine, the women, and the song, they crucified 800 Pharisee POWs. C'est la guerre. I pick up where the Sadducees left off. I take no prisoners either. This book is about the second covenant awarded in the Torah. The first went to Avraham, father of our people. The second went to the women of Africa who developed the prototype society that the Supreme Being wishes to see applied throughout the globe. Time to start talking about it. I am from Saint John, N.B., Canada, now resident in Israel, a journalist by trade. **WARNING:** This book is not recommended to Orthodox Jews, Christians, Muslims, faggots, feminists, fatsos, or vegetarians.
