Growing Marijuana: How to Plant, Cultivate, and Harvest Your Own Weed Tommy McCarthy

Growing your own pot doesn't have to be just another labor in your already too-busy life. It should be an enjoyable and satisfying experience watching living sprouts erupt from seeds that you've selected and sown yourself, nurturing vulnerable seedlings until they become stout and strong, and enjoying the fruits on your own handiwork.

Growing Marijuana is an excellent resource for newcomers to growing from the new state laws legalizing marijuana. This book provides instruction on growing a personal-use crop that will provide a least one ounce of cleaned, seedless, and stem-free buds for each month of the year (from harvest to harvest) but doesn't have to require a lot of dedication or expense. (There will be some sweat involved, though, never doubt that.)

With step-by-step instructions, Tommy McCarthy shows readers how to cultivate and raise beautiful weed. He also provides information on how to harvest and prepare the final product.
