What the Hell is Going On in My Life?: Using your birthdate to find answers about relationships, career, money, sex & health Larry Schwimmer

Did you ever wish you had your own personal advisor who could help you understand the surprising, confusing, and challenging events happening in your life? In his book, "What the Hell Is Going On in My Life?" astrologer and bestselling author, Larry Schwimmer provides those answers.

Schwimmer has created a book as original as Linda Goodman's Sun Signs! He shows you how your birthdate answers questions about your life and gives you the solutions to improve it in these areas: personality, money, communication, family, romance, marriage, sex, health, investing, travel, career, friendship, and self-understanding. He then reveals a simple technique for using your birthdate to make decisions on the specific dates they will be successful.

"The most recent Harris Poll states that 31% of Americans believe in astrology. This book is uniquely written for people who've always wanted to learn how to use astrology in their life without having to study the complexities," says Schwimmer. His book provides answers to questions such as:

- "When will I fall in love?"
- "When is the best time to get out of my dead-end job?"
- "Why do I attract relationships that don't work out?"
- "When is the best time to make a profitable investment?"
- "When will I find the thing I'm meant to do in life?"

Schwimmer gives readers access to a free web site where they can customize his book to their needs. By simply inputting their birth information they will immediately find out "what the hell is going on in their life." No other astrology book offers this.

Schwimmer shares the secret to how this is done, "Based on your exact time of birth, significant astrological events called 'transits,' occur every year. These transits reveal the major events and themes that will occur in your life. By knowing how your transits are affecting you, you can prepare for problems and take advantage of opportunities."

Readers can quickly look up their personal transits to learn what is happening in their life today and what will likely happen in their future.

In addition to helping readers understand why their life changes each year, this book provides insights and advice whenever readers have an important question they want answered or a decision they need to make. With fascinating stories about how these transits have changed people's lives, Schwimmer gives readers a compelling perspective on the value of astrology. This book is a life manual for understanding the major transitions in one's life.

Use your birthdate to learn about these areas of your life and the best dates to: • Meet a New Romantic

Partner

- Find a New Job
- Change Careers
- Get Married
- Start a Family
- Buy a Home or Real Estate
- Profitably Invest
