Because of language, cultural, time, and geographical barriers interpreting the minor prophets has at times frustrated and even defied Old Testament scholars. In response to this frustration, Robert Chisholm has written this volume. *Interpreting the Minor Prophets* surveys the structure, message, and theological themes of each of the twelve minor prophets. But the author does not stop with a mere survey. As Ryken and others have demonstrated, literary approaches are sweeping into the arena of biblical studies and, according to Chisholm, this way of studying the Bible is long overdue and most welcome. Therefore, he emphasizes the literary and rhetorical aspects of each prophets' message as the key to understanding the prophetic books. *Interpreting the Minor Prophets* is an ideal text or resource for anyone seeking thorough information on any or all of the minor prophets.
