What happens when the missing ingredient for your love life is not quite what you imagined?

Take one curvy cook ...

Sophie Carlton has a taste for adventure and longs to escape the confines of her stodgy British family. When she gets the opportunity to work as a cook in a remote logging camp in the United States, she has no idea just how much excitement is in store.

Add one formidable bear ...

Grizzly shifter Cage Rochon lives and works with his brothers in the forests of the Pacific Northwest. They love the land and rely on its privacy to keep their secret. As his clan's Alpha, Cage takes his responsibilities seriously, but he's ready to meet his mate.

He just doesn't expect her to be a human who has no idea shifters exist.

Mix well with family, danger, and plenty of spice ...

Now Sophie has more on her plate than she ever expected--not just a new country and way of life, but a large, sexy, very protective man who adores her so much it's baffling. Add in their steamy encounters, a mysterious saboteur at the logging camp, and the shock of seeing her beau become a bear, and it's a recipe for romantic hijinks!

Can Cage protect his mate and convince her that he's serious about her? Or will Sophie decide that becoming part of a family of bears is one adventure too many?
