If Only It Were True Marc Levy

What do you do when you find a stranger in your closet, particularly when she's surprised that you can even see her -- and she can disappear and reappear at whim? What if she then tells you that her body is actually in a coma on the other side of town? Should you have her see a psychiatrist or should you consult one yourself? Or do you take a chance and believe in her, and allow yourself to be swept up in an extraordinary adventure? This is the beginning of the dilemma Arthur, a young San Francisco architect, is facing when he discovers Lauren in his apartment. Arthur is the only man who can share Lauren's secret, the only one who can see her, hear her, and talk to her when no one else so much as senses her presence. So when doctors prepare to end Lauren's physical care -- which would destroy the magical bond she and Arthur cherish -- he must find a way to save her. For, after all, it is only her love that can save him.

A heartwarming love story that's impossible to forget, an adventure that is by turns breathtaking and hilarious, *If Only It Were True* is a captivating tale that evokes the essence of romance and our boundless capacity to believe.
