They hid wherever they could for as long as it took the Allies to win the war -- Jewish children, frightened, alone, often separated from their families. For months, even years, they faced the constant danger of discovery, fabricating new identities at a young age, sacrificing their childhoods to save their lives. These secret survivors have suppressed these painful memories for decades. Now, in *The Hidden Children*, twenty-three adult survivors share their moving wartime experiences -- some for the first time.

There is Rosa, who hid in an impoverished one-room farmhouse with three others, sleeping on a clay pallet behind a stove; Renee, who posed as a Catholic and was kept in a convent by nuns who knew her secret; and Richard, who lived in a closet with his family for thirteen months. Their personal stories of belief and determination give a voice, at last, to the forgotten. Inspiring and life-affirming, *The Hidden Children* is an unparalleled document of witness, discovery, and the miracle of human courage.
