If you are a beginning no limit Texas Hold'em player who has played enough to want to get better in a hurry, this book is for you.

This e-book will not turn you into a poker legend, or even get your play up to professional standards. But if you follow the advice of this booklet, you will be able to dominate most home games, and perhaps even some low stakes casino games, because, quite frankly, the average player is horrible. Rise above average play. Follow the simple rules in this book and start winning.

This is a dollar-fifty e-book. It's cheap, and thin. It will take you very little time to read it. So what have you got to lose? A buck fifty and a few minutes. You've probably lost that much on one hand. It isn't much money or time, but if it improves your play just a little, if it gives you an edge over the other players in your home game... it will probably pay for itself in one night around the kitchen table. Risking a little to gain a lot is one of the most basic elements of poker. Why not start now?
