A Strange Way to Die R. Pearl, G. Bamford

Hiroshi Suzuki, known simply as H, has no idea that he is the love child of James Bond. In this, his first story, H is sent to Paris to investigate rumours which have been baffling international intelligence services. Is there a link between two, seemingly disconnected pieces of information? A plan to assassinate the Emperor of Japan and what appears to be a deliberately engineered tsunami. Doctor Khyller, a German billionaire, is a highly respected businessman and philanthropist. Jamaal is a shadowy assassin, credited with dozens of 'kills'. H must find if there is a connection between these two men. Under instruction from Tiger Tanaka, the legendary head of the Japanese Secret Service and with the help of a glamorous French agent, H must untangle the threads of information. The action moves to Japan, where they finally uncover the truth of the Doctor's plans - a global conspiracy of mass destruction. H must race against the clock to stop the Doctor changing the course of history.
