Courage to Heal Paul Bernstein

Set in a world of iron lungs, the Great Depression, and a World War, *Courage to Heal* is based on the true story of a young surgeon who, along with the twentieth century's boldest industrialist, changed the face of American medicine forever. History is brought to vivid life in this novel of an intransigent physician, his fight to provide health care to all, and his undying love for a beautiful nurse who marries the man determined to defeat him.

At the height of the Great Depression, Doctor Sidney Garfield saw the thousands of men involved in building the Los Angeles Aqueduct as an opportunity to provide quality affordable health care for workers. He built Contractors General Hospital: a 12-bed hospital in the middle of the Mojave Desert, six miles from the tiny town of Desert Center, California, and began treating sick and injured workers.

With the start of WWII, the need for health care for shipworkers was even greater. Working with industrialist Henry Kaiser, Garfield created the first true health care system in the Richmond shipyards, then opened a hospital in Oakland, still the headquarters of what is now Kaiser Permanente. When WWII was over, the doctor's private war began, when the AMA tried to shut down Kaiser (calling it socialist) and take away his medical license. Through it all, Garfield persisted in his vision of affordable health care. Kaiser Permanente is the largest HMO in the U.S., serving over 8 million people.

This articles author makes some research just before write this book. This kind of book very easy to read you may get the point easily after reading this article book.

Sergio Terry:

Is it you who having spare time in that case spend it whole day by simply watching television programs or just lying down on the bed? Do you need something new? This Courage to Heal can be the response, oh how comes? It's a book you know. You are therefore out of date, spending your time by reading in this brand new era is common not a nerd activity. So what these textbooks have than the others?

Mark Klein:

As a scholar exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Courage to Heal can make you feel more interested to read.
